

# SHARPER THAN EVER

## ENGINEERED SHAPED CERAMIC GRAIN

Norton RazorStar discs and belts are setting a new standard in grinding productivity, speed and life. For your right-angle grinding, Norton RazorStar fiber and quick-change discs offer the best cutting performance in the industry. Norton RazorStar belts are designed from top to bottom to be the most advanced abrasive product available, utilizing proprietary shaped grain, a breakthrough technology from one of the world's foremost grinding innovators. Designed for medium to high-pressure metal removal in the toughest grinding applications, which cuts through metal with unbeatable performance.
